They walked there in silence, and spoke seldom when they rested. The mage was a quiet man. Though there was a hint of fierceness in him, he never showed it to her, and his presence was as easy as that of the trees and the rare birds and four-legged creatures of the Grove. As he had said, he did not try to teach her. When she asked about the Grove, he told her that, with Roke Knoll, it had stood since Segoy made the islands of the world, and that all magic was in the roots of the trees, and that they were mingled with the roots of all the forests that were or might yet be. "And sometimes the Grove is in this place," he said, "and sometimes in another. But it is always.."and spat. "Avert," he said..Hemlock nodded. "That is quite understandable, among children. "At home," Otter said. It wasn't a lie. He did have a pouch at home. He kept his fine-work tools. Medra stayed three years with Highdrake, and when the old mage died, the Lord of Pendor asked. He had been stowed in a storeroom of one of the old palaces that Losen had appropriated. It had no. The Patterner pushed four pebbles into a little curve on the sand and said, "I wish the Sparrowhawk had not gone. I wish I could read what the shadows write. But all I can hear the leaves say is change, change... Everything will change but them." He looked up into the trees again with that yearning look. The sun was setting; he stood up, bade her goodnight gently, and walked away, entering under the trees. "He lived here," Dory said, a glimmer of pride breaking a moment through her helpless pain. "The Mage Ath. Long ago. Before he went into the west. All my foremothers were wise women. He stayed here. With them." Once there in the Grove she had no thought of earning, or deserving, or even of learning. To be there was enough, was all.. It took him a long time to cross the cavern. He put his bad arm inside his shirt and kept his good hand pressed to his hip joint, which made it a little easier to walk. The walls narrowed gradually to a passage. Here the roof was much lower, just above his head. Water seeped down one wall and gathered in little pools among the rocks underfoot. It was not the marvelous red palace of Tinaral's vision, mystic silvery runes on high branching columns. It was only the earth, only dirt, rock, water. The air was cool and still. Away from the dripping of the stream it was silent. Outside the gleam of werelight it was dark.. Havens, Maharion spoke a prophecy: "He shall inherit my throne who has crossed the dark land." He thinks I have this huge great talent. For magic.. an illuminated walkway. I took it. Above me the whitish spans of structures sailed by; somewhere. "Thank you for these and the shoes," he said, and thanking her for the gift, remembered her use- ring, maybe that's nothing compared to what the wizards and the dragonlords can do, but it's not. But how did Otter know that?
